Hi Annie,

Attached is the info for Morphine sulfate, let me know if this is all you need. Shortly I will forward more on other drugs.

Thanks Maria. Hope you had a nice vacation.

I have some samples that are being submitted today to the chemical terrorism lab for tampering. I need it as soon as possible.

I sent an email to David Wells in regards to obtaining a copy of the most current testing methods and specification from the USP Reference Book for the following chemicals:

Morphine Sulfate - powder, liquid and injectable
Fentanyl - powder, liquid and jnjective
Lorazepam - powder, liquid and injectable
Versed (midazolam) – powder, liquid and injectable

Any help would be greatly appreciated. You can call me on my cell: 781-367-4152 at anytime.

Annie

Good morning Annie,

So good to hear from you.. it is a long time, but we are still here. Annie, I was on vacation last week, but I am back and if possible I will help you. I will call you around 10 am, let me know if this is a good time for you.

Talk to you soon,
Maria

Importance: High

Hi Maria,

It's been a long time. Hope all is well. I need a favor or some assistance.

I need to borrow a current USP reference from the QC department. Who can I contact about this matter?

Any help would greatly appreciated!!!!

Thanks.

Annie
